

# Our Mission

## Why Clean Water?

1

Over half of the world's hospital beds are filled with people suffering from a water related disease. On average 1 out of every 5 deaths of people under the age of 5 die from water related illness

## Humankind Bottled Drinks

Since opening in 2012 we have been able to provide safe, clean drinking water for over 13,000 people through Humankind bottled water and lemonade alone

## Building Wells

3

We have had the incredible opportunity to partially or fully fund more than 6 fresh water wells in communities that had no access to clean water

## How Can You Help?

Our goal as a business is to take any profits that we may have and turn that into wells. By simply buying any of our products, you're helping others. That's why our motto is Drink Coffee, Do Good!
